Mahmoud Magdy Kamel
Beni Suef, EG

Git hub: https://github.com/mahmoudmagdy10

Linked in: https://www.linkedin.com/in/mahmoud-magdy-6b3653216/

Skills

Proficient: CSS, HTML, PHP

Moderate: Node.js, Laravel, SQL, Javascript

Projects

Weather-Journal App https://github.com/mahmoudmagdy10/Weather-journal-app

- This project is about working with Web APIs and asynchronous code, creating a web app that uses Open Weather Map API to get weather based on user's location, and dynamically update UI.

Image Processing API https://github.com/mahmoudmagdy10/Image-Processing-API

- Simple Node API for resizing images

Storefront Backend https://github.com/mahmoudmagdy10/Storefront-Backend

- This is a backend API build in Nodejs for an online store. It exposes a RESTful API that will be used by the frontend developer on the frontend.

Education

Front-End Web Developer Nanodegree, Udacity   **Aug. 2021 - oct. 2021**

B.A, Faculty of science Beni Suef university   **2018 - 2022**
